Higley Unified School District Uniform System of Financial Records Compliance Questionnaire For Fiscal Year Ended June 30, 2022

Instructions

Arizona Revised Statutes (A.R.S.) §15-271 requires the Arizona Auditor General to inform any school district failing to establish and maintain the requirements prescribed by the *Uniform System of Financial Records for Arizona School Districts* (USFR) that it has 90 days to correct the cited deficiencies. The USFR prescribes the minimum internal control policies and procedures to be used by Arizona school districts for accounting, financial reporting, budgeting, attendance reporting, and various other compliance requirements. To help the Arizona Auditor General determine whether a district has attained an acceptable degree of compliance with USFR requirements, the audit firm must complete this USFR Compliance Questionnaire (CQ).

A.R.S. §§15-213(F) and 15-914(G) require districts to have a systematic review of their purchasing practices and average daily membership (ADM), respectively, performed in conjunction with their annual or biennial financial audit to determine whether the district complied with the applicable State of Arizona procurement and student attendance laws and rules. Auditor completion of the Procurement and Student attendance reporting CQ sections constitutes the required systematic reviews.

Audit firms must gain an understanding of the district's internal controls and obtain and document sufficient, appropriate evidence annually to support each CQ response. These instructions, the CQ questions, and the required review procedures constitute the minimum audit standards for completing the CQ. Required review procedures are included in the "tooltip" next to applicable questions in the web-based auditor submission CQ. The Arizona Auditor General may reject CQs that are not prepared in compliance with the minimum audit standards.

- Audit documentation must describe the procedures performed, items reviewed, and the results of such procedures and reviews to support the auditor's CQ responses and related comments.
- Evidence may be obtained through test work, observation, examination, and client assertion. However, client assertion alone is not adequate evidence to support "Yes" responses on the CQ.
- The audit firm must determine the district reviewed documents and transactions and provided sufficient evidence of approval including manual or electronic signatures or initials and date of review.
- Audit firms must consider population size in determining the number of items to test (i.e., sample, scan, review, examine, or observe), and the items selected should be representative of the population. Therefore, testing 1 transaction, record, or item is not sufficient. The Credit cards and purchasing cards, Procurement, and Student attendance reporting CQ sections prescribe minimum sample sizes for specific questions. Population and samples sizes used for test work should be entered in the fields provided next to the applicable questions throughout the CQ.
- A "Yes" response indicates that the audit firm has determined that the district complied with the USFR for that question based on auditor obtained evidence. Several review procedures allow for auditors to determine whether the district implemented compensating controls when recommended USFR procedures could not be implemented due to limited staff size. When compensating controls are found, auditors should answer the question "Yes" and describe in the comments the compensating controls in place to meet the question's objective. However, the Arizona Auditor General makes the final determination of compliance with the USFR based on the evidence presented in the CQ, audit reports, audit documentation, and any other sources of information available.
- A "No" response indicates the district did not comply with the USFR for that question. Audit firms must explain the district's deficiency noted for all "No" responses in the comment box below the question. Deficiencies must be described in sufficient detail to enable the Arizona Auditor General to determine the nature and significance of the deficiency for: (a) assessing compliance with the USFR, (b) appropriately describing the deficiency in a report, and (c) testing compliance during a status review. The description should include the number of items tested and the number of exceptions noted, or dollar amount of the error, and any other relevant information that would provide context for the deficiency.
 - Cash and revenues questions apply to all the district's cash and revenue, including food service, auxiliary operations, extracurricular activities fees tax credit, and student activities receipts and bank accounts. Comments for "No" responses to these questions should indicate the type of receipt or bank account to which the deficiency applies.
- An "N/A" response indicates the district did not have activity related to the USFR requirements for that question. The audit firm must explain all "N/A" responses in the comment box below the question, unless the reason for the N/A is obvious.

The questions in the CQ do not address all requirements of the USFR. If the audit firm is aware of noncompliance with a requirement of the USFR that is not addressed in the CQ, including the School District Procurement Rules and the Arizona Department of Education's (ADE) membership and attendance guidelines, the audit firm should include the compliance findings in its reports issued in accordance with Governmental Auditing Standards and Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*, as applicable.

The audit firm must make the resulting audit documentation supporting the audit firm's CQ responses and comments available on request for the Arizona Auditor General and the ADE's review. To facilitate this review, the audit firm should include in the audit documentation a copy of the CQ with references to the audit procedures performed for each question.

Once the audit firm has completed, reviewed, and signed the CQ, it must submit it electronically to the Arizona Auditor General by following the instructions at the end of the web-based auditor submission CQ. Audit firms should print the file to PDF to create the CQ document to distribute to the district. As required by A.R.S. §15- 914(D), the district must submit the completed CQ with the audit reporting package to the district's county school superintendent's office and ADE.

Governing board/management procedures

Objective: To determine whether the governing board and District management have established and implemented certain procedures as required by statute. 1. The District held governing board meetings in accordance with A.R.S. §§38-431 to 38-431.09, and prepared and Yes retained written minutes and/or recordings. 2. The District annually provided guidance to all governing board members and employees on what constitutes a Yes substantial interest and that the conflict-of-interest statutes apply to all District governing board members and employees as part of their employment. A.R.S.§§38-502 and 38-509 3. The District annually obtained conflict-of-interest (COI) forms that adequately allowed governing board No members and employees to fully disclose a conflict of interest in any contract, sale, purchase, or service, and prior to accepting the forms, management reviewed the information to ensure governing board members and employees properly completed the form and sufficiently disclosed the required information. A.R.S. §38-502 A District employee with a conflict of interest did not properly complete the conflict of interest statement. The employee had a substantial interest in a business with which the District spent \$61 during the fiscal year. 4. The District maintained, for public inspection, a special file with all documents necessary to memorialize all Yes conflict-of-interest disclosures. A.R.S. §38-509 5. Employees or governing board members with reported conflicts, except as provided in A.R.S. §15-323, refrained Yes from voting upon or otherwise participating in any manner in that purchase.
